**0**

More than **20 million words translated** and counting.

Total projects **completed on time** in the last 5 years.

Projects developed for **corporate clients**.

Hours recorded in **voice-over** content.

We are fluent in **more than 100 languages** at a native-speaker level.

We work approximately 20 hours a day through our team of collaborators strategically located in **different time zones**.

We specialize in **technical and specific language work** for approximately 10 key industries such as **healthcare and legal**.

We will **never change** the delivery time or the price of your quotation without notifying you in advance. **We like to be clear at all times.**

# What **can** Australis do for me in terms of translation services?

Find the right solution for you **with us**.

## PROFESSIONAL TRANSLATION SERVICES

**Our top service.** We accurately translate over 10,000 words a day between all our collaborators for various industries and businesses around the world. More than translators, **we are language specialists**, with a 100% human process that adapts to all types of formats and files.

## AUDIO & VIDEO TRANSLATION SERVICES

A full range of multimedia services at your disposal; from **subtitles and voice-over to complete audiovisual projects**, we make sure that your content is heard and seen in any language you want as if it were the source file.

## SEO & WEBSITE TRANSLATION SERVICES

**Obtain more customers online** by translating your website into the language of your target audience or by localizing your campaigns with **full SEO optimization** (we can also translate full marketing campaigns). Remember that at least **86%** of translated campaigns produce more conversions than English-only ones.

## DOCUMENT PROOFREADING SERVICES

If you are already translating, **are you doing it correctly?** Hire our document proofreading services and **we will help you to improve the production of all your documents** in the languages you need the most.

# How does Australis assure **quality** in all its translation projects?

Discover our six-step process forged through **10 years of experience**.

## 01.

INFORMATION  
GATHERING

To achieve an **accurate translation** that meets your requirements, we will ask for your source material. **We accept any type of format**, from pdf files and images to audio or video. We will then request reference material, precise project instructions or style guide and preferences, if necessary.

## 02.

SETTING UP  
YOUR TEAM

At Australis, **all projects are customized and attended to with the utmost dedication**. Therefore, the translation team in charge of your project will be made up of **language specialists** according to the subject matter and needs you require. This also includes **proofreaders and DTP's**.

## 03.

DEVELOPMENT  
OF THE PROJECT

Depending on your specifications, the project **will be performed as requested**. It should be noted that at this point in the process **we will never increase the cost of the project or modify the delivery time**. With us, you receive your project just as you want it, under the agreed conditions.

## 04.

PROOFREADING  
WITH AN EXPERT

Once the translation has been completed, it goes through a **double review process**. First, a senior translator from our team will compare the finished project with your source content; then, a **native-speaking language specialist** in the language you selected will verify that it matches the context and meaning of your original document. **All our processes are done by people to ensure natural readability in your translation**.

## 05.

FINAL REVIEW  
WITH P.M.

Before your files are delivered, the Project Manager performs a **spot check** in order to ensure that the final files have the correct format, the text displays correctly, that all instructions were followed, that the name of the files match with the source file names, and all the checks needed in order to ensure that the **you will receive exactly what you requested**.

## 06.

ON - TIME  
DELIVERY

Without further ado, **your project will be ready in the agreed time**. We look forward to any questions or requests you may have. We will be waiting for your **next project**.
